We did not have a quorum for this meeting. We did discuss that the new members presented at the June meeting needed to be voted on. But without a quorum and neither of the sponsors of one if the applicants being in attendance, those applicants will be voted on at the next meeting.

The next scheduled meeting is not until October 10th. Do we want to change that?? Seeing the clinic is now moved to October.

We received confirmation during our time together that we have an eye dr. for the health clinic with the date changed to 10/24/21. Information will be updated to the website and FB very soon.

We have submitted to the Big E for the date of 9/30/21. Waiting on confirmation. Contact Gretchen if you want to attend with your dogs.

Brag- Gretchen's girl Edna was winners bitch at Wrethem in early July two days. Congrats!!!

As there was not a quorum these are not official meeting minutes but more of an update as to where we are on upcoming events.
